

SpeechPizza

Tuesday, 9 December 2025

12:00 - 13:30, D011

lcis.grenoble-inp.fr

Yasmine Elouardi (yasmine.elouardi@univ-grenoble-alpes.fr)

PhD student working with Darine and Pierre

Title: Design of a Wearable Antenna for Medical Applications Using Machine Learning Techniques

Nehaila EL OUARDI (nehaila.el-ouardi@univ-grenoble-alpes.fr)

PhD student working with Darine and Pierre

Title: Use of metamaterials to enhance the performance of rectenna circuits for wireless energy harvesting and power transfer

Mouad Rabiai (mouad.rabiai@lcis.grenoble-inp.fr)

PhD student working with Vincent, Valentin, David (LCIS) and Paolo Maistri (TIMA, Grenoble INP)

Title: Enhancing the Security of RISC-V Microarchitectures Against Laser Fault Injection: Fault Modeling and Countermeasure Development at the RTL Level.

Son Hoang Nguyen (nguyen-son.hoang@lcis.grenoble-inp.fr)

PhD student working with Ionela and ONERA (Palaiseau)

Title: Formation containment for heterogeneous teams of multi-agent dynamical systems

The science behind pizza!

The volunteers for giving a short talk the next editions should not hesitate to contact asap ionela.prodan@lcis.grenoble-inp.fr.
